

Community Comment Cards & Communication to City Commission

6. Please consider middle school!

7. Could you build one level up on senior lot?

8. Would it be safer to keep parking in the front of schools, not around back?

9. What about open lunch traffic?

10. Will our taxes raise and our property values drop?

11. Can we partner with other lots?

12. Put lot behind Athletic?

1. Add in and outs of a parking ramp

to parking of delivery trucks for gaslight businesses and current traffic!

Delivery trucks have to park on Bagley - there is no other choice.

2. The Bagley lot is not always full anyway.

3. Gaslight will eventually add parking for their businesses - don't need Bagley lot.

4. Don't want headlights in our bedroom & livingroom due to more traffic.

5. Neighborhood safety, light, pollution, noise

- What about the look for the Bagley residence?

↳ concern about cleanliness, noise, pollution, sunlight, plowing, safety, ongoing maintenance, crime / petty theft

↳ have you done a light study for the owners of the Bagley condos?

↳ where are the delivery trucks going to park?

↳ protect the neighbors who live there full time.

- look at buying the lot by Athletica - Move big bob's pizza & move it there

- Bagley property price would potentially go down

- Cost is high at 100K per space

- * Please look at the middle school. More space & would be cost effective.

- Look / buy behind D&W. Buy / negotiate a land deal where the old commercial parking lot is by Athletica.

- What is the cost of the retaining wall by the middle school?

- Concern about traffic at Bagley & wealthy. It's busy!!!

- You mentioned you don't like the "look" of parking on Lake Dr. →

If public would pay for parking after school hours it would help pay for the construction cost of the ramp. ID access for students and faculty could help control access to valid people.

GLAS the City & school are possibly
building a parking structure. NOT ALL students can
walk to school (Marshall Rd & Golden Triangle)
All students opposite of lake.

We need more parking

FW: Please reconsider the Bagley Avenue parking garage

From Katie Favale <kfavale@eastgrmi.gov>
Date Wed 7/29/2026 11:15 AM
To Lori Parmenter <lparmenter@eastgrmi.gov>

Hi Lori!

Chris forwarded this to me - not sure if you want to put it in the packet? It is not signed; apparently there must be an email campaign going around. Just wanted to make you aware, if you weren't already.

Happy Wednesday! ^^

Katie Favale
Mayor of East Grand Rapids

Subject: Please reconsider the Bagley Avenue parking garage

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear East Grand Rapids Officials,

As a resident and taxpayer, I'm asking you to oppose the proposed Bagley Avenue parking structure. Before the city commits millions to a multi-story deck, we should be certain the need is real, and the city's own analysis should drive that decision. A structure this size belongs on a commercial corridor, not against a quiet residential street where neighbors and students walk every day. Please protect this neighborhood and back a solution the data actually supports.

Sincerely,
[Your name]

EGR Resident requesting parking structure be place on the ballot

From Lauren Jacoby <[REDACTED]>

Date Thu 7/23/2026 11:53 AM

To Public Input <input@eastgr.org>; Katie Favale <kfavale@eastgrmi.gov>

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Commissioners,

Thank you for your dedication to EGR and your service to our community.

As an EGR resident and a parent, I am writing to request that the placement of the Bagley parking structure be put to a community vote. This structure will significantly affect all residents, including students attending the high school, parents supporting/ attending after school activities, and community members participating in local events such as Wednesdays on Wealthy, Harvest Fest, the Reeds Lake Triathlon, Waves swim meets, and flag football games. Additionally, residents will utilize it when visiting Gaslight Village for shopping and dining.

Given the widespread, long-term impact on our entire community, I believe residents should have a direct say in this decision. Thank you for your time and consideration.

Sincerely,

Lauren Jacoby

Request to Place the Bagley Parking Structure on the November Ballot

From Gretchen Trost <[REDACTED]>

Date Tue 7/28/2026 10:41 AM

To Lori Parmenter <lparmenter@eastgrmi.gov>

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hi Lori,

As a taxpayer and resident of East Grand Rapids, I am writing to respectfully ask that my comments be shared with the Mayor and all City Commissioners prior to the August 3 meeting.

I believe the proposed Bagley Parking Structure is a significant community decision that deserves to be placed on the November ballot so that the residents of East Grand Rapids can vote on it directly.

This proposal has moved forward very quickly, particularly for residents who are not closely connected with the school community. While I understand that informational sessions have been held over the summer, many residents have been away or unaware of them. There is a great deal of factual information available, but I do not believe it has reached enough of the community for taxpayers to make a fully informed decision.

My understanding is that at the August 3 meeting, the Commission will vote on whether to place this proposal on the November ballot. I respectfully ask the Commission to allow the voters to decide. Decisions of this magnitude should be made by the taxpayers who will ultimately be impacted.

East Grand Rapids has experienced divisive issues in the past, and I hope we can avoid repeating those situations by giving residents the opportunity to learn about the proposal over the coming months and cast an informed vote in November.

Allowing a public vote would provide sufficient time for information to be gathered, distributed, discussed, and thoughtfully considered by the community before a decision is made.

Thank you for your time and for ensuring that my comments are shared with the Mayor and City Commissioners before their meeting.

Sincerely,

Gretchen Trost
